MESSAGE

I am happy to know that the **Board of Research and Analysis in Intuitive Neuro Science (BRAINS)**, Malappuram, Kerala is bringing out a Souvenir on the eve of the inauguration of their institution. It is an autonomous institution for Scientific Research and Development of Brain, Intuitive Neuro Science, Conscious, Spirituality and Universal Energy. It also works for promotion and propagation of the Science of India's Ancient and Traditional Knowledge and its utility for mind empowerment.

I am sure it aims for detecting and ascertaining the influence of our Heritage Techniques on brain activities and to highlight the positive utility of our Heritage Science and Techniques before the World.

I convey my blessings and best wishes for their endeavour.
